What We Do

At Leap Solutions Group, we know that thriving human resources is vital to a healthy organization. While not every business can maintain an in-house HR department, no business can afford to neglect HR—there's just too much at stake when it comes to keeping your people and your organization safe, strong and successful. We've got the perfect solution. From temporary relief to long-term support, we've got you covered.

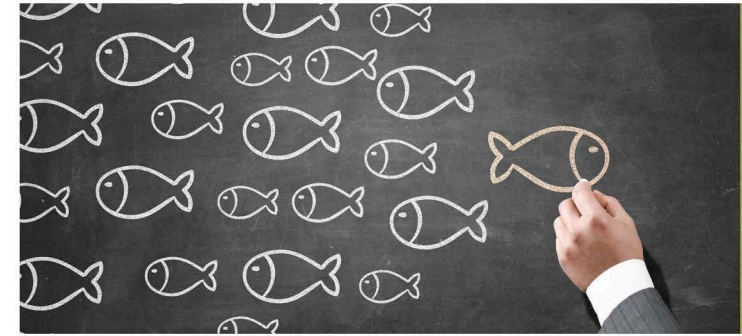

HR2Leap is the ideal program for organizations of any size looking for top-quality HR without the expense of hiring a full team. Our HR2Leap packages are utterly flexible, entirely customizable and completely tailored to your unique business needs and goals. You pick the package—5, 10, or 15 hours per quarter—and the Leap team is at your service.

The professionals at Leap have the experience, know-how, compassion and discretion to help you handle even the thorniest HR situations, boost your compliance and protect yourself against unintended violations that could result in penalties or lawsuits, and make your organization run smarter and perform more competitively than ever.

Our HR2Leap packages are utterly flexible, entirely customizable and completely tailored to your unique business needs and goals.

How It Works

When you engage with HR2Leap, we'll meet with you to get to know the culture of your organization, gain a thorough understanding of your current HR, and determine how we can best serve you. We'll then help you select the right package for your organization, your objectives and your budget.

Launch Kit

Whatever package you choose, we'll provide you with a proprietary HR2Leap Launch Kit, which features these invaluable HR essentials:

- + Access to initial HR Engagement Survey
- + Annual subscription to Leap Newsletter
- + Subscription to Employment Law Update (for breaking news on employment and labor laws)
- + Access to our HR2Leap Resource Library (including customizable forms, guidelines and notices, such as sample job descriptions, leave of absence information, and much more)
- + Legal employment poster
- + Employment forms (including customizable forms, such as recruiting interview questions, new-hire checklists and required notices, and termination checklists)

Add-On Services

Outside the scope of our packages, we offer additional value-added, project-based solutions, including but not limited to:

- + Customized training for leadership, team or individual contributors
- + Workplace harassment investigations
- + Employee handbook development
- + Market-based compensation analysis and planning
- + Full-cycle recruitment
